The order of the dasha lord planets, their respective individual durations and total time-cycle (=36 years) are common to both the Yogini and Shat-Trimsha Dasha-systems - except for the single dfference that the commencing dasha becomes different in the two cases.

Parashara's recommendation is that if birth takes place during day-time in Sun's Hora or in night-time in Moon's Hora Shat Trimsha Dasha-System should be adopted.

As an extension to this principle, if birth takes place in night time in Sun's Hora or in day-time in Moon's Hora, Yogini Dasha-System should prefereably be employed.

## Planetary Yogas

### Damaruka Yoga
Out of the three parts of life, the first part will be the best part for you. During the middle part (between age-periods 24 and 48 years approx), your progress might be hindered owing to change of circumstances on which you may have no control.

The results of this yoga will be modified if some favourable yogas are present in the chart.

### Amala Yoga
This is a fortunate combination. It will make you a person of character and bestow on you many desirable qualities. You will be virtuous and have a helpful nature. You will be prosperous, wealthy and enjoy lasting reputation. You will become a source of inspiration to others and will lead an enjoyable life.

### Dainya Yoga
This is not a fortunate combination. You may have to face much of opposition and have to overcome many impediments and obstructions which will be lying on your way to success. Your financial position may deteriorate and you may have a set-back.

If some powerful auspicious yogas are present in the chart, then the results of this yoga will be modified.

### Vimala Yoga
This is a fortunate combination. It will make you an independent self-made person. You will attain a respectable position and in your sphere of profession you will receive honours. You will have majestic appearance, commanding skill and will be renowned for your accomplishments. You will gain riches from various sources but you may not not have the peace of mind which you will treasure most.

### Chandramangala Yoga
This combination is fortunate for material prosperity but is adverse in certain other respects. You will be clever and enterprising but your quick-to-anger nature may give undesired impression and spoil relationships. You will be restless and will be fond of ways which are easier and quicker. Your morale may not be very high and you may have associations with unworthy people.

### Bandhu Pujya Yoga

## Prediction On The Basis of Bhavas

### Ascendant Lord

In your chart, the Ascendant-lord is situated in the ninth house, which is called the house of fortune (Bhagya). Besides, this house has governance over line of descent, father, preceptor, deity, past destiny, virtuous deeds, prayer, worship, auspiciousness, etc. In case of male persons, it rules over grandchildren and in case of female persons, it rules over the prospect of begetting progeny. This is a highly favourable position and you will be exceedingly fortunate. You will be close to your father, will be religious minded, take part in religious activities and will remain engaged in performing virtuous and philanthropic deeds. You will be a learned person, study sacred classics, take part in religious discourses and will treat preceptors and pious people with great respect. You will live a long life which will be full of peace, happiness and satisfaction; your children will be worthy and dutiful while your grandchildren will be a source of pride and joy. As this house also rules over long/ foreign journeys and pilgrimage, you will have many such journeys on academic, cultural or religious errand and may visit various holy pilgrim centres. People will treat you with great respect and seek your valuable advice and guidance. If your Ascendant is Leo or Aquarius, then as your Ascendant-lord will be exalted, you will be highly fortunate.

### Lord of 2nd House

In your chart, the second-lord is situated in the fifth house, which is called the house of merit (Purva-punya). This gives rise to a favourable 'Dhana Yoga' combination and you will be very fortunate in respect of all favourable 2nd house attributes : wealth, family, speech, education, property, food and drink, enjoyments, etc. In addition, if the 5th-lord is also found to be situated in the 2nd house, then you will be rolling in wealth by having boosted earnings from speculative investments, sports activities and/ or from entertainment fields. You will tend to take big risks for which your earnings will considerably fluctuate between the extremes. If a natural malefic planet is with the 2nd-lord or aspects it, then the fluctuations will be wide and you may run the risk of incurring big losses through unwise speculative investments. But if a natural benefic planet is with the 2nd-lord or aspects it, then you will have the last laugh; besides, you will be fortunate in respect of having worthy and dutiful children who will become a source of pride and joy to your family with their accomplishments and deeds. If your Ascendant is Taurus, then the 2nd-lord Mercury exalted in the 5th will make you a very learned and highly prosperous person.

### Lord of 3rd House

In your chart, the third-lord is situated in the eleventh house, which is called the house of gains (Labha). Unless the 4th-lord is well-placed, the 3rd-lord situated in the 11th house is not at all favourable for the health and well-being of your mother. However, for receiving assistance and support from relatives and friends and also for having good gains from various sources, the position is good -- more so if the 11th-lord is also well-placed or if a natural benefic planet is situated in the 11th house or aspects it. It may make you become more fond of remaining engaged in outdoor activities, meet with many people, travel a lot and go to many places. You may be actively engaged in social and philanthropic deeds as you may have secret ambitions for gaining social or political eminence. If a natural malefic planet is situated in the 11th house or aspects it, your earnings might fluctuate widely between extremes and some of your associates may not be fully trustworthy -- more so if either Ketu or Saturn is situated with the 3rd-lord and you yourself may become a person of flexible principles. If the Sun or Jupiter is also situated in the 11th house, then you may be the eldest among your co-borns, become very learned and follow righteous path.

### Lord of 4th House

In your chart, the fourth-lord is situated in the twelfth house, which is called the house of expenses (Vyaya). If the 4th-lord or the Moon is well-placed, then it is good for the health and well-being of your mother; but if both are ill-placed, then your mother may not be in good health or may have to remain separated from your mother from a fairly early age. Alternately, you may spend a good part of student-life in hostels. This position is considered to be good as it endows happiness. It gives

residence in distant places or foreign countries for long durations. If your 5th-lord is well-placed, then you will be very intelligent and meritorious; in addition, if the 6th-lord is also well-placed, then you will have chances of winning in competitive examinations or special competitions. You are very much likely to receive some scholarship or grant for pursuing higher studies or for conducting researches in a foreign country -- this will be more so if your 9th-lord is also well-placed. However, you may acquire the tendency of spending much for the sake of pleasure which you should try to control. If the 12th-lord is well-placed, then you will have special interest in mysteries and investigations; in your researches, you might come out with novel findings.

## Lord of 5th House

In your chart, the fifth-lord is situated in the fifth house itself, which is called the house of merit (Purva-punya). As the horoscope is viewed as a balance-sheet brought forward in the present birth, you rest assured that you are meritorious and worthy. You will be highly fortunate and your soul will become more elevated during your journey through life. You are sure to occupy a prestigious position and enjoy a respectable place in society -- more so if the Sun is also well-placed; your children will also be very worthy and you will be religious-minded -- more so if Jupiter is also well-placed. If the 9th-lord or Mercury is well-placed, then you will have higher education. Unless the 10th-lord is well-placed, you may have a few changes in profession during the early stages of your career; but if the 10th house is associated with or aspected by a benefic planet, the situation will be improved soon. If the 5th house falls in a 'firy' sign (Aries, Leo or Sagittarius), then you may become a spirited person but if it falls in 'airy' signs (Gemini, Libra or Aquarius), then your intellectual qualities will be pronounced. If a benefic planet is situated in the 5th or aspects it, then you will have good gains from speculative investments.

## Lord of 6th House

In your chart, the sixth-lord is situated in the twelfth house, which is called the house of expenses (Vyaya). This is a favourable combination in respect of having material gains as a trika-lord situated in another trika house gives rise to beneficial 'Veepareeta Raja Yoga'. This yoga favours having sudden gains from unexpected sources but this happens in a place quite far away from the birth or native place. But for it's pecuiliar attribute, your relatives may become secretly inimical and you may have some other enemies in your circle who would like to cause you harm. You will possess a special ability to effectively utilise any available opportunity; but you may have to use some opportunists for fulfilling your purpose, who may later become liabilities for you. You may tend to take big risks and consequently may remain in perpetual tension. Although normally you will remain in good health, ever-increasing stress might occassionally lead you to bed-ridden condition and you may need hospitalization for short-durations.
If a natural benefic planet is situated in the 12th house or aspects it, you may become very extravagant; but
if a natural malefic planet is placed in the 12th house or aspects it, you may run the risk of incurring losses; if mixed influences prevail, then you may become careless in money-matters and may become a spendthrift.

## Lord of 7th House

In your chart, the seventh-lord is situated in the twelfth house, which is called the house of expenses (Vyaya). If your Ascendant is Aries, then your 7th-lord Venus will be exalted in the 12th; this will give you a cultured, accomplished and very attractive looking spouse. Similar will be the results if your Ascendant is Scorpio, since the 7th-lord Venus will be in own-sign in the 12th. If your Ascendant is Cancer or Leo, then it will offer favourable 'Veepareeta Raja Yoga' results as the 7th-lord is a trika-lord too and is placed in a trika-house; you will come to riches suddenly. Otherwise, the position is not very favourable since your spouse may become sickly or may go to a distant place and live away from you; if a natural malefic planet is situated in your 7th or aspects it, then you may incur losses and may even lose your business. If a natural malefic planet is situated in the 12th or aspects it, then you may have fruitless journeys to distant places; if the Sun or the Moon is also ill-placed, then you may have defective eye-sight. But if it is influenced by a natural benefic planet, you may have some improvement and find yourself in employment in small private companies. As the 7th is the 3rd from the 5th while the 12th is the 8th from the 5th, your children may face some untoward

happenings and their progress may get retarded.

## Lord of 8th House

In your chart, the eighth-lord is situated in the eleventh house, which is called the house of gains (Labha). As the 8th is the 11th from the 10th, you will have good gains from your sphere of profession although temporarily there could also be such times when your sources of earnings may run dry owing to some obstructions or untoward developments occuring suddenly. As the 8th rules over vicious people while the 11th rules over friends, you may have an interest of contunuing relationships with some of your friends who are in the habit of living dangerously by 'playing with fire'. As the 11th house rules over arms and the 8th house rules over weapons, you may be interested to acquiring some weapons and learn the art of using them -- more so if a natural malefic planet is situated in or aspecting the 11th house and the 8th house is also similarly disposed. If the 3rd-lord is situated in the 10th house or aspects it, then you may wish to cause harm to some other people; if the 7th house is not well-disposed in your chart, then some people may become a victim of your wrath. If Mars and Saturn or Jupiter and Venus are in opposition, or if one of the former is in opposition to one of the latter, then you may get intangled in criminal proceedings.

## Lord of 9th House

In your chart, the ninth-lord is situated in the fifth house, which is called the house of merit (Purva-punya). The lord of fortune situated in the house of merit will make you very fortunate; you will be very intelligent, have a retentive memory, have good education and proficiency in various subjects. If the Sun is well-placed, you will be very fortunate in respect of your father. If Mars is well-placed, you will be very fortunate in respect of your younger co-borns. If Jupiter is well-placed, you will be very fortunate in respect of your children. The beneficial results will be boosted further if in addition the 5th-lord is situated in the 5th or the 9th. If Jupiter is situated in or aspects the 5th house or the 9th house, all your life you will be protected by divine grace while if Saturn is situated in or aspects either of these two houses, then you may have to face constraints and limitations; if mixed influences prevail, the results will be mixed. If your Ascendant is Leo or Aquarius, the 9th-lord will become the 4th-lord too; then you will have 'application-oriented' education. If the Ascendant is Leo, then the 9th-lord will be a natural malefic planet; if another natural malefic planet is also situated in the 5th, then one may have difficult child-birth.

## Lord of 10th House

In your chart, the tenth-lord is situated in the ninth house, which is called the house of fortune (Bhagya). This is a highly beneficial combination as it constitutes partial 'Maha-Bhagya Yoga'. If in addition, the 9th-lord is also situated in the 10th, then it constitutes 'Dharma-Karma Yoga' which is the most praised planetary combination. If your Ascendant is Scorpio, then the yoga will gain further strength and if the Ascendant-lord or Jupiter is also well-placed, you will be a devoted religious person. Your mind will remain in exalted state and you will always remain engaged in performing worthy deeds. You will love the company of pious people, enjoy studying religious classics and listening to devotional discourses and will remain associated with the works for social upliftment; you may remain actively engaged in charitable deeds and philanthropic activities. You will become renowned, widely respected and your reputation will be lasting. You will have high education, hold a prestigious position and will be well-respected in society. Rather than words, you would live by your deeds and people will treat you as an embodiment of virtues.
You will have pilgrimages and may go to distant foreign places on academic, cultural or religious missions.

## Lord of 11th House

In your chart, the eleventh-lord is situated in the twelfth house, which is called the house of expenses (Vyaya). If your Ascendant is Pisces, then the 11th-lord will become the 12th-lord also and it will give you auspicious 'Veepareeta Raja Yoga' results. Otherwise, this is not at all a good position as the 12th indicates losses while the 11th rules over earnings; while your earnings may become limited, you may have to incur heavy and wasteful expenditures for medical treatment, etc and may occassionally incur losses. As the 11th rules over friends while the 12th rules over secret enemies, some of your friends and acquaintances may become secretly inimical to you. If a natural benefic

planet is situated in the 12th house or aspects it, then the adverse influences may become considerably mitigated but if a natural malefic planet is situated in the 12th house or aspects it, then the adverse influences may become aggravated further. If the 12th house is under the influence of the malefic planets only and if the Sun or the Moon is also not well-placed, then you may have some problem with your eye-sight and you may be a spendthrift. This position may give journeys to distant inland places or foreign countries in connection with education.

## Lord of 12th House

In your chart, the twelfth-lord is situated in the twelfth house, which is called the house of expenses (Vyaya). This is a specially fortunate position as the lord of a 'trika-house' when situated in it's same own house gives rise to auspicious yoga. The results will be the very best if your Ascendant is Libra -- since the 12th-lord will be exalted in the 12th. As the 12th is the 4th from the 9th, your may be or had been residing in a foreign country or a distant place; alternately or in addition, you may also go to a foreign country or a distant place for pursuing higher education wherein you can stay for long durations. If your 5th-lord and the 6th-lord are well-placed, then you may even receive a prestigious scholarship or grant. If your 9th-lord is well-placed, you might be engaged in research which might prove to be fruitful. If your 8th-lord and Mercury are well-placed, then you might be interested in occult/ mystic subjects or in investigations of some sort. As the 12th sign of the natural zodiac is Pisces, the fishes might be of interest to you in some way or other; if the lord of the 4th or 5th or 7th or 10th or 11th in your chart fall in sign Pisces, and the Moon or Jupiter or Venus is also well-placed, then you might earn a fortune by dealing in fishes.

## Results for Planets in Houses

## Sun

Since the Sun is situated in your 12th house, you will be fortunate in respect of your father; but if the 9th-lord is not well-placed, then he may not be in good health or either of you may leave for staying in a distant place or you might be separated from him fairly early in your life. If your Ascendant is Taurus or Virgo, then you will enjoy beneficial results as the Sun will be exalted or in own house; but if your Ascendant is Scorpio, then you may not be very fortunate in respect of your profession -- unless some modifying influences are present in your chart. If your Ascendant is Cancer or Libra, then you will enjoy beneficial results as Mercury will be in own house or exalted; but if your Ascendant is Aries, then you may not be fortunate in respect of education -- unless some modifying influences are present in your chart. If your Ascendant is Cancer or Libra or Scorpio or Capricorn or Aquarius, then you will enjoy the benefits of 'Veepareeta Raja Yoga' as you will suddenly become rich in a spectacular way and turn many heads among your friends and acquaintances. You will live long and all the paraphernalia of life will be available to you with little or no effort. ## Mars

Since Mars is situated in your 5th house, you will be fortunate if your Ascendant is Virgo as Mars will be exalted or if your Ascendant is Cancer or Sagittarius as Mars will be in own house; but you may not be very fortunate if your Ascendant is Pisces as Mars will be debilitated -- unless the 5th-lord is also well-placed or if Jupiter or Venus is situated with it or aspects it. This position is not favourable for child-birth as often miscarriages are indicated -- more so if it is situated with or aspected by a natural malefic planet. If your Ascendant is Leo, it will give you 'application-oriented' education like chemical technology or industrial engineering and if the 8th-lord aspects Mars, you may face problems from flooding water. As Mars aspects the 8th-house, if Mercury is well-placed too, you may be interested to learn Astrology. If a natural malefic planet is situated in or aspects the Ascendant or the Moon-sign while the the 8th-lord also aspects Mars, then you may face accidental mishaps a few times -- it will be more so if Mars is retrograde.

## Jupiter

Since Jupiter is situated in your 9th house, you will be a highly fortunate person and dame fortune will always be smiling on you; this will be more so if Jupiter is exalted or in own house which would be the case if your Ascendant is Aries or Cancer or Scorpio. From the 9th (= fortune), as Jupiter will be aspecting your Ascendant (= body and general affairs), the 3rd (=lower mind) and the 5th (= merit), it will protect you with divine grace and you will be blessed with dutiful and worthy children since it is the natural significator. You will be much inclined to religion and regularly take part in performing religious rites, will be a well-educated and learned person, will have many fruitful journeys to long-distance places and pilgrim centres. You may go to foreign countries on an academic, cultural or religious mission and receive honours; alternately, you may have good gains from such places. If the 9th-lord is well-placed and the Sun is also similarly disposed, then your father will be a famous and dignified person who would be moving in high circles. People will always hold in high esteem and your reputation and honour will be ever-lasting. You will be engaged in studying religious classics and dissemination of holy preachings.

Since Saturn is situated in your 12th house, you will be fortunate in respect of your profession if the 10th-lord is also well-placed, or if a natural benefic planet is in the 10th or with the 10th-lord, or if such a planet aspects the 10th-house or it's lord. If your Ascendant is Scorpio or Aquarius or Pisces, then you will enjoy beneficial results as Venus will be exalted or in own house; but if your Ascendant is Taurus, then you may not be very fortunate in this respect -- unless some modifying influences are present in your chart. If your Ascendant is Gemini or Cancer or Leo or Virgo or Scorpio or Aquarius or Pisces, then you will enjoy the benefits of 'Veepareeta Raja Yoga' as you will suddenly become rich in a spectacular way, turn many heads and win appreciation from your friends and

acquaintances. You are likely to have some secret enemies who might be incessantly work against you but if a natural benefic planet is with it or aspects it, they won't be able to cause you harm. If a natural malefic planet is with it or aspects it, then you may receive contusions and bruises through domestic animals and your spouse may suffer from some lingering illness. If the Moon is with it, you may face minor mishaps resulting from fall; it won't be at all advisable for you to drive two-wheelers very fast. If the Sun is with it or aspects it, then you may have differences with your father or with some senior govt.-officers and may even get entangled in a law-suit.

## Moon

If your Ascendant is Cancer, the Moon will be debilitated and if it obtains 'neecha-bhanga' (cancellation of debility), you will be fairly rich and well-placed in life; but, inspite of being financially well-off, you may not obtain very favourable results in certain respects -- unless Mars or Jupiter is well-placed. If Mercury is well-placed, you will have good education and may have some gains from speculative investments. If Jupiter or Venus is situated with the Moon or aspects it, then you will be fortunate in respect of your children; opposite will be the results if it is under the influence of natural malefic planets.

## Rahu

Since Rahu is situated in your 8th house, you may face serious problems from unexpected sources and if the 7th-lord or Venus is also not well-placed in your chart, then your married-life may not be very happy. The position will however be improved if Jupiter or Venus aspects it. If the Sun is situated with it, then the physical or mental health and well-being of your father might cause you some concern and your own state of health may not be very good. If the Moon is situated with it, you may suffer from wasting diseases during sometime in your life. If Mars or Saturn is with it or is placed in either the 6th house or the 7th house, then your married-life may not be happy or your spouse may not be long-lived; alternately, she/ he might opt for leaving you for ever and you may have to face a law-suit with her/ him. If Mars is situated with it or aspects it, you may have a dare-devil nature and if the 8th-lord is not well-placed in your chart, then you might recieve accidental injuries from fire or weapons. If Mercury is situated with it or aspects it, then you may have much interest and gain some proficiency in mystic subjects like Astrology, Palmistry, etc. If Venus is situated fairly close to it, then your secret liaisons may soon become the talk-of-the-town.

## Ketu

Since Ketu is situated in your 2nd house, you may not be very fortunate in respect of your family-wealth -- unless the 2nd-lord is well-disposed. However, if Jupiter or Venus is with it or aspects it, then the situation will considerably improve while if a natural malefic planet influences it, then the situation will become only worse. Good results are expected if Ketu is situated in sign Scorpio; the results will be adverse when it is in sign Taurus or is together with Saturn in any sign other than Libra, Aquarius or Capricorn. If Ketu is with the 2nd-lord or if Mars is with the 2nd-lord or aspects it, then if you are male, you may be a heavy smoker (if that is not prohibited in your community); besides, your teeth may start decaying early. If Mars is with it or aspects it, then you may have some fear from fire or intake of wrong medicine or poison.
Unless the 2nd-lord is well-placed, and if no natural benefic planet is with it or aspects it, this position is not favourable for having happiness in marriage; if a natural malefic planet is with it or (except Rahu any) aspects it while the 7th-lord is not well-placed, then the span of your married-life may come under doubt.

## Uranus

Since Uranus is situated in your 11th house, you may have eccentric and unreliable friends; if the 11th-lord is associated with or aspected by malefic planet(s) only, then you may become an incorrigible eccentric yourself. Things will however be improved for the better if Jupiter or Mercury is situated with it or aspects it; you would then be endowed with some special abilities for which people will treat you with respect. But if it is associated with or aspected by retrograde natural malefic

planet(s) only, then some serious troubles of unusual sort are obscurely foreseen which might deflect you from your usual path and may even change your life-pattern abruptly. If Uranus is associated with or aspected by the Moon, then you may indulge in romantic love-affairs; but if it is under the influence of natural malefic planet(s) only, then you may have impulsive attachments which would prematurely end in hatred. If the 3rd-lord is associated with it or aspects it and the 4th-lord is also under the influence of natural malefic planets, then you will run the fear of having estrangements from your kindred and friends more than once in your life. If the 10th-lord is also under the influence of natural malefic planet(s) only, then you may roam around like a rolling stone.

## Neptune

Since Neptune is situated in your 11th house, you may have some strange and unaccountable attractions and alliances; your friends may have seductive appearances, your advisors might be unreliable, your spouse might be liable to moral delinquency and may create havoc in your friends' circle. Although you may not be directly responsible for the acts of commission or omission of your associates, these are almost sure to raise eye-brows of the curious onlookers and 'U-2' may soon become the talk-of-the-town. However, if the 11th-lord is well-placed or a natural benefic planet is situated with it or aspects it, then the situation will be considerably modified for the better. But if the 11th-lord is badly placed or more than one natural malefic planets are situated with it or aspect it, then the situation will considerably worsen and you may have to badly suffer as a result of treachery or deception caused by your spouse and/ or supposed friends; if Venus is also under the influence of natural malefic planets only, then your tragic 'history' might be making rounds in the locality as a spicy 'story' to be remembered, re-told and listened to many-a-times.

## Pluto

Since Pluto is situated in your 9th house, you may refuse to adhere to tradition and your interest in un-orthodox forms of religion might be aroused -- more so if Jupiter is not well-placed in your chart. If your 4th-lord is not well-placed, then you may have radical views and may actively take part in political and kindred affairs; you may even have to embrace exile at an young age owing to fear from your enemies in consequence of your own thoughtless actions or misdeeds. But the situation will be improved for the better if Jupiter or Venus is situated with it or aspects it. If Saturn and Mercury are well-placed in your chart, you may be an ardent globe-trotter or you may have connection with air travel or you may have great interest in meteorology and space explorations. If Mars is influencing, then you may have connection with radio-active substances or explosives; if Venus is influencing, then you may have some connection with radiations like X-Rays; if Mercury is influencing, then you might be known for your inflammatory speeches/ writings; if Rahu or Ketu is with Pluto, then you may have connection with acids, fumes, etc.
